INTRODUCTION

- The Alumni–Student Portal is a web-based platform designed to connect students with alumni for career guidance, mentorship, resume support, and professional opportunities.
- It provides a centralized space where students can book alumni sessions, seek guidance, get resumes reviewed, and interact through Q&A, while alumni can share their experience and expertise.
- The portal aims to strengthen the student–alumni network and make career-related support more accessible and organized.

LITERATURE SURVEY (Requirement Collection for the identified problem)

Title of the Paper	Author Details and Published Year	Technique used	Shortcomings
Literature Survey – Alumni–Student Portal Centralized Alumni Management System (CAMS) – A Prototype Proposal	Mukherjee et al., 2019	Centralized alumni network & mentorship1	Limited student-focused services

Student-Alumni Interactive Platform for Career Guidance and Networking	Palaskar et al., 2026	Flask, SQLite & authentication1	Limited resume review & appointment features

PROBLEM STATEMENT

Students often face difficulty in accessing reliable career guidance and practical advice from experienced alumni.
There is no single platform where students can easily connect with alumni, ask questions, and learn from their experiences.
Additionally, information about placements, internships, scholarships, and career opportunities is scattered across different sources, making it difficult to find relevant information quickly.

AIM & OBJECTIVES

Aim

To develop a centralized platform that connects students with alumni for career guidance, knowledge sharing, and access to valuable opportunities.

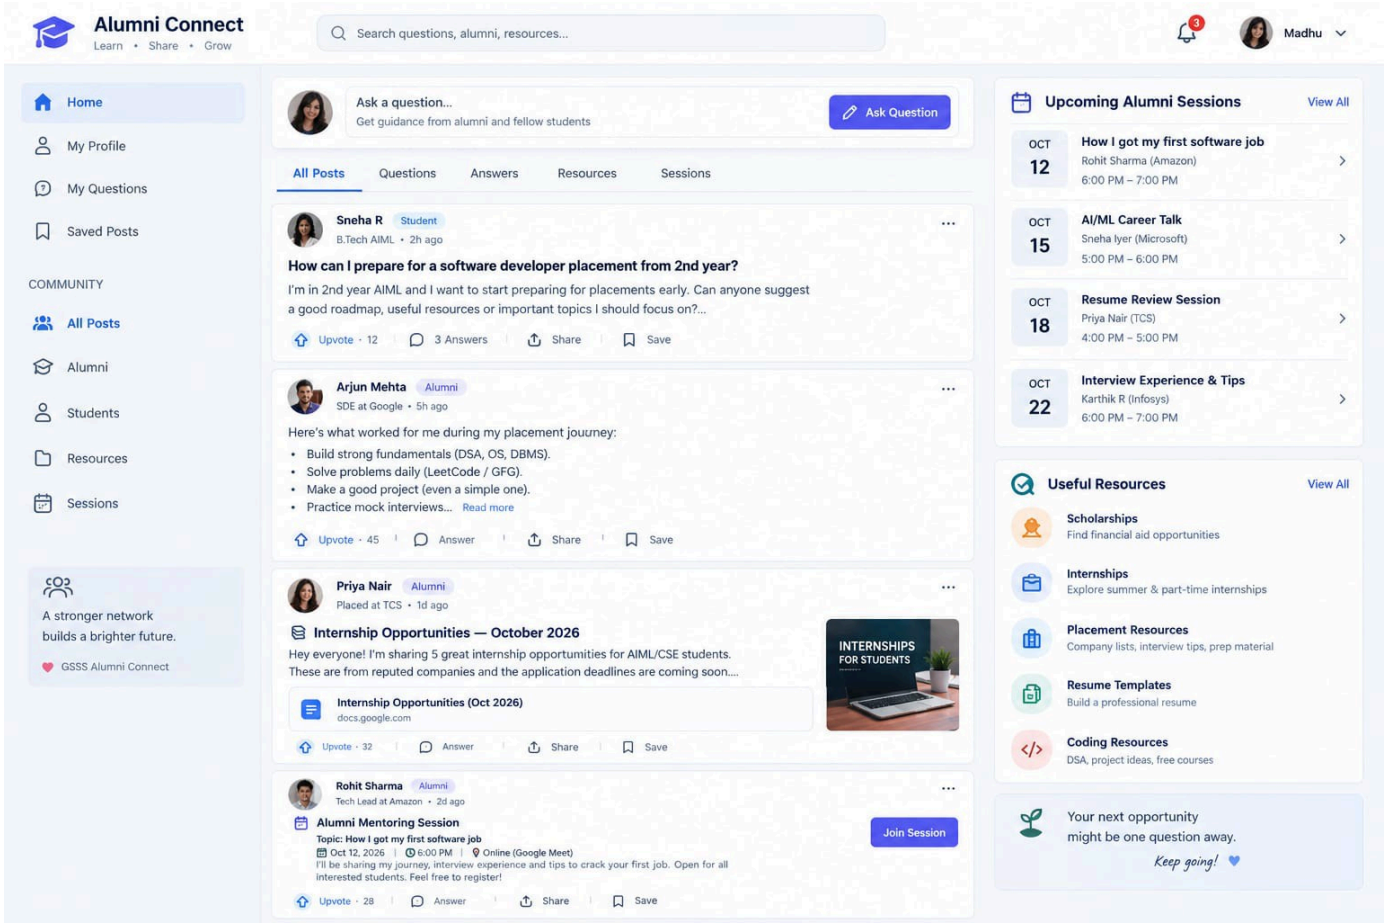

Objectives

- Connect students and alumni on a common platform.
- Provide career guidance and practical advice from experienced alumni.
- Enable students to ask questions and attend alumni sessions.
- Provide information about placements, internships, scholarships, and job opportunities.
- Create a space for knowledge sharing, networking, and mentorship.
